JOBLESS AND UP TO SCHOOLS, SAYS ROGERS

By JOEL DAVID WOLFSOHN

Minneapolis, Minn., March 2 (U.S.)—The machine is making it necessary that instruction be provided in what to do with leisure time, and educators gathered here in convention of the department of superintendence of the National Education Association gave consideration to that problem in concluding sessions. The convention ends today.

The necessity for providing something to take up the slack created by the mechanization of life as that idle and unemployed will be able better to take care of themselves was the principal theme of the discussion.

Mr. James E. Rogers of New York, director of the National Education Association, speaking before a group studying the increasing problem in education for leisure, he said:

"Associations will become a paramount program in the education of the future. Today, as never before, America needs adult education. Vocational education will be as important as vocational education."

Dealing with unemployment in the present crisis testify that many out of work do not know what to do with themselves. They sit and wait and wonder if they hope that something will happen. This is a dangerous attitude especially when we seem to be entering a decade of chronic unemployment."

Discussing further the question of adult education, Mr. Traube of the University of Minnesota declared that "those unfortunate persons who suddenly find in middle life that their vocational skills have become useless and will no longer serve as an avenue of self-expression must be studied especially carefully in order that the vocational or recreational opportunities offered them by adult education agencies will really be effective."

SEVEN WIN ARMY PROMOTIONS

Washington, March 2 (AP)—The War Department has announced the promotion of seven New England army officers:

Edward G. Farnham, Jr., of New Canaan, Conn., to first lieutenant, field artillery; Harry R. Pierce of Hallowell, Me., and Lawrence C. Mitchell of Medford, Mass., to major, coast artillery; Victor G. Allen of Lynn, Mass., to captain, infantry; Connel J. Kennedy of Dorchester, Mass., Alfred Jewett of Somerville, Mass., and Maurice J. Day of Hartford, Conn., to captain, air corps.

Capt. Stanley M. Prouty, a native of Oshkosh, Wis., has been transferred from Fort Hayes, Ohio, to Fort Huachuca, Ariz.

Ordered to Boston Duty

Washington, March 2 (AP)—The navy department announced that Lieut. Commr. Timothy J. Mulcahy was being ordered detached from the U. S. S. Richmond and ordered to the Boston Navy Yard.

FARRELL SEEKS NEW TARIFF

New York, March 2 (AP)—James A. Farrell, chairman of the National Foreign Trade Council, favors a defensive trade policy, as America's "only logical move until such a time when depreciated currency conditions are ready to return to the gold standard."

In an interview, the retired president of the U. S. Steel Co. says such a trade policy "is by all odds the greatest need of country today."

"We have ample credit resources," Farrell says, "even after the severe deflation we have experienced, but they are not being brought into play, because prices are still sinking, and domestic prices cannot stabilize until they are protected from the undermining influence of low world prices."

Farrell believes "we should champion an international trade rival by adjusting our tariff to offset currency depreciation and do it immediately. That will give domestic prices a chance; it will give the foreign market a chance; it will give credit a chance; it will give employment a chance."

Mysterious Killer Fires Into Spiller

New York, March 2 (U.S.)—Bar business in the Capitol Grill was hit this morning.

Suddenly the door opened, a man thrust head and shoulders into the opening and fired three shots from an automatic pistol at the crowd of patrons.

Louis Manjian, 35, seated and fell with bullets in head and chest. Before a hastily summoned ambulance arrived he was dead. His assailant escaped, but patrons identified the slayer as a man who had quarreled with Manjian in the dining room and fired three shots from a .38 Smith & Wesson.

The report of the committee asserts the belief "the information was given to the committee by a source who was wholly unimpaired and untrue in every particular."

WOMAN TO PUSH 'BUY' PLAN

Fighting an adverse report of the ordinance committee, Mrs. Esther D. Jordan, Malden councilwoman, has succeeded in having her "Buy American" bill tabled until she can bring sufficient pressure to bear on the Committee. Council members to force it through that body.

While the council has endorsed the "Buy American" movement by unanimous vote, Mrs. Jordan's bill would go further and provide that the city shall not enter into any contracts with aliens, nor purchase foreign made goods.

Councilman M. A. Rosenblatt pointed out that there was already an ordinance on the books providing that goods shall not be purchased nor contracts awarded to aliens. Mrs. Jordan declares that the ordinance provides only for purchase and not for the sale of goods to aliens. She declared her ordinance is to prohibit both the purchase or sale between the city and aliens, or any alien-owned corporation. In support of her bill she cited a recent Malden contract whereby material was sold to an alien and the contract was then broken as the city returned no bond to him.

The matter was tabled for further consideration.

Gossip About People You Know

FIRST VOTE A GOOD ONE

Rep. John J. Gilmartin of Fitchburg, who was given a seat in the House in place of Louis DesCheneaux of that city, went on record in his first roll call in favor of the bill which would have required goods manufactured in Massachusetts to be stamped "Made in America" as a protection against the influx of cheap foreign goods.

BIRTHDAY REMEMBERED

Arthur Dismont of Fall River, last sergeant-at-arms of the Senate, was so busy attending to his duties in the upper branch and supervising committee room assignments that he forgot all about it being his birthday. A pleasant reminder came later in the day, when he stumbled into his staff, who had gathered to present him with a box of cigars.

FAMILIAR SPOT TO COX

The rooming from which former Gov. Channing H. Cox delivered the Coolidge memorial address in the House at the joint convention of the House and Senate, was a familiar one to him. For four years, 1919 to 1923, he presided there as Speaker of the House.

BOOKS—And a Number of Things

By Charles Hanson Towne

There is emotion on every page of Fannie Hurst's new novel, "Imitation of Life" (Harper & Bros.). Here is a writer who since her first powerful short stories began to appear in the magazines, has gone steadily forward. With "Imitation of Life" she has reached a new level of achievement. It is full of bitter truth, and there are unforgettable passages in its leisurely pages.

Then comes "Black Street," equally authentic, equally engaging, with this attempt to detail for which Miss Hurst is famous.

In her new book she gives us the story of a woman of today—a business woman, who started a chain of restaurants, made good, but lost the best thing in life—love.

Central Theme

That in a nutshell, is the story. But how Miss Hurst, never departing from the central theme, engrosses you in the telling of it. She probes deep. She does not agonize over Rex Pullman. You may identify her in your mind; read a semi-biography in these revealing chapters, and you may think that in Virginia Eden Miss Hurst has gone to an actual figure in the business world of New York, and dissected her as cleverly as she has her main character.

Nothing much finer could have been done than the scene with these two women, in their late thirties, meeting for the first time. You feel like an eavesdropper, listening to their conversation over the lunch table in the old Waldorf-Astoria. It is graphic, splendidly reported talk. No false note here.

Bea starts modest enough, in Atlantic City. The early description of her life there, with the loss of her mother, her father's incipient nervousness and her marriage for convenience to Pullman, who has been a boaster in their simple home, is deftly done. There is enough background of the times to give this brief unfolding a rich verisimilitude.

The business, begun in such humble fashion, expanded in the years march on. Pullman is killed in a railway accident, and Bea bears a daughter after he is gone. She plunges into her work, partly to forget her grief; yet she has never really known romantic love. Her first contact with the beauty expert here, gives her a new hint of all that she has lost. And after her great and ultimate success comes Miss Hurst puts her feelings there.

Her attack Bea apparently has little the narrow creep of these

SHE WON OUT WITH LOVELY SKIN... You can, too!

You meet him... He gets into a close-up... He can't resist alluring skin

The minute you meet a man you can tell whether he's interested. Even before you've had a chance to be clever or sweet, you can tell whether he likes your looks.

Most men don't know anything about clothes, really—but every one of them appreciates a beautiful complexion.

A delicate, soft smooth skin is terribly appealing to them, makes them anxious to know you better.

Has he asked you for a dance? Of course! You are sure, if his eyes lighted up when he saw your face, he'll want to get closer—to see if he can believe his eyes!

And now, if you know your skin is softly alluring, you can feel happy dancing with him, because he will be fascinated.

Girls, watch out! You must be able to pass the close-up complexion test.

Movie Stars do it this way

... You don't have to be a Hollywood star to have the lure of Hollywood skin.

You can use the same complexion care the stars use—actually 9 out of 10 stars use Lux Toilet Soap!

In the big movie scenes, the men don't really have to act. They are so deeply moved by the loveliness of the stars' exquisite skin.

To be fascinating... irresistible... give your skin this same gentle care.

Hunt for Villain Not Much Help These Days

By GILBERT SELDES

I am partial to post mortems myself and suspect that the only game poker players hate them is that in a five-handed game you have to listen four times as long as you talk. Post mortems are illuminating, in medicine and in economics. But I am suspicious of the one now being carried on by the Senate. It is not that the country can't stand the shock of learning the truth about doubtful practices; on the contrary, I think we have absorbed so much buncombe in the past three years that few solid facts—even if they lead us nowhere—must do us some good. The great French writer, Stendhal, discovered a tendency in himself to exaggerate and romance, used to correct himself by reading the Civil Code—the Napoleonic body of laws, as dry and dusty as any other group of laws—for an hour or so every day. In the same way we ought to repeat a few facts, any facts, to counteract the normal amount of guff which we have to absorb every day. For instance, the population of New York City is 5,770,000; the population of Torre Haute, or the World War ended at the eleventh hour of the eleventh month of the year 1918. These are easily remembered and unimportant; but they are better than campaign speeches and the promises of economists. From them we might work up to a few actual facts about unemployment, the current value of the dollar and the meaning of credit.

Too Many Villains What I am afraid of in the Senate's digging into the past is not that we will fall to unearthing a villain, but that we will unearth far too many. Heads will be bowed in shame and the finger of scorn will be pointed, and presently we will say to ourselves, "These ten or ten thousand men caused the depression." And following out this pleasant thought, we will say that nothing was wrong with the way we were living, if only the ten (or ten thousand) had behaved properly. To my mind this would be a delusion as fatal to recovery as was the delusion that nothing had happened in 1929 and that about all we have a remedy was the depression of 1929. (The moment we spot a villain we will start looking again for a savior. The two things go together; for if there was a devil in the field of American economics (a likely story) there can also be an heroic rescue; for every dragon a St. George appears. And this happens not in the right century for dragon slayers. It isn't even the right time for scapegoats and saviors. The inexplicable fact is that we have to save ourselves. Not because we got ourselves into the mess; three-quarters of us were totally innocent of any crime worse than wanting to live reasonably well. But because our leader is powerful enough to drag a hundred million people forward if they insist on turning their heads backward and will not dip themselves out of the swamp—because 1929 was Heaven

and someone always takes care of the American people.

Women Now? This referred exclusively to speakeasy drinking, because I was one of the pessimists who would not believe that we would ever get rid of the amendment. Now that this seems possible, I am waiting to hear from those who discovered that the speakeasy was the center of a new culture and civilization, especially of culture in which women were at least equal to men. For I suspect that when the amendment goes it will perform carry the speakeasy with it and scatter other cozy places for drinking and telling people your troubles. What will women do then? For that matter, what will men do?

Will they, I wonder, revert to that ancient and honorable American institution, the Saturday Night Drunk? That glorious habit was the American man's defiance of two tyrannies: the tyranny of the home and the tyranny of the shop. A long night of drinking took the place, for the American workman, which a long session with the psychanalyst would take for the artist or the nervous wreck. The cost of the weekly drunk was smaller, the pleasures greater and the moral and nervous effects altogether superior. To look forward to the restoration, not only of paying jobs but of getting drunk in order to forget the job—that's optimism.

POLICY CHANGE AT THE MET

Special Shows for Sundays With Talent Drawn Chiefly From Broadcasting Systems

By NICHOLAS YOUNG

During the days—perhaps we should say months—when we have had a cruel baton over one of the best orchestras that ever made itself known through your firewire radio he was known and billed as Hy Fine. Events came and go with great celerity. Today, as managing director of the massive Metropolitan, the erstwhile hand leader becomes Mr. Hyman Fine. With the acquisition of Mr. Fine as chief executive you might reasonably expect sudden changes in the musical arrangements at the Metropolitan. But none are in sight.

There will be, however, a complete renovation of the theatre's routine on stage and screen. A new policy of entertainment is to go into effect as of this Sunday.

As we are informed, we will continue indefinitely. Of course, that word "indefinitely" is a bit of a misnomer, as it means until a better show comes along to take its place. At any rate, and, as Hyman Fine figures it out for himself, he has left music flat on its back for the greater promise of fame as a business executive in control of Boston's highest playhouse. What he has individual actors about the job is evident, for without more than formal warning a new Sunday policy at the Metropolitan is announced. There will be special stage shows for that seventh day of the week, and a whole new set of Mr. Fine will be the next Sunday present the popular radio stars, the Pickens Sisters and Ray Perkins. It will be a one day engagement.

The addition of special features, Mr. Fine explains, is brought about because of Boston's rather unusual rates of censorship in the matter of Sunday stage shows. What is pure and virtuous on Friday is poison on Sunday. It is the law, Mr. Fine promises, to circumvent these odious restrictions by building a one-day show that will meet all the legal requirements. Consequently, he draws together material that will not offend. Yielding to the law, and yet giving out the best of the new policy for Sunday.

day will fall upon the Pickens Sisters. This will be their first appearance in Boston—and for one day only.

The new policy at the Metropolitan is a bit revolutionary. Nothing like it has ever been attempted. Let Mr. Fine tell his own story.

"We intend to build up Sunday performances, which are naturally curtailed by oppressive censorship rules. We are forced to bring in added attractions that, by their nature, are legally acceptable. That explains the appearance of today's Sunday at the Metropolitan. The Pickens Sisters and Ray Perkins. They do not appear in fancy costumes, nor do they dance. The new arrangement, of course, affects the regular weekly routine at the Metropolitan. In the future we will draw heavily upon the national broadcasting system. On Saturday and Sunday five performances will be given and on Sunday only three shows. But these will be built up by the special features engaged for the day and in this respect we expect to draw heavily upon the national broadcasting system.

Los Angeles, March 2.—Many waters have passed under the bridge since Alice Brady was the net of the World Film Company and her papa, W. A. Brady, the boss. Alice has gone far on the stage since those early pioneering days. She has become a great star and now she is returning to the screen. Metro-Goldwyn-Mayer is the company that was able to persuade Miss Brady to leave Broadway and come across the continent to far-away Hollywood.

"When Ladies Meet," Rachel Crothers' play, will reintroduce Miss Brady in the screen. She will be in excellent company in this picture which M-G-M is determined to make one of its best hits.

Miss Brady will have Robert Montgomery as a rival in love. Ann Harding, Ronald Reagan, and a pitomist cast, Beatrice Van Am I right?

"The King," Louella O. Parsons says, and believe me, he is no relation to Anna's or Andy's Kingfish. He is a United States Senator, maybe you have heard of him, Huey Long. You don't think he is a politician, or in politics to have heard about this and who is in the newspapers plenty. At any rate, Warner has purchased "The Kingfish," a play by the author, which is being written by William Franklin and it has been purchased for Edward Robinson.

And is He Funny?
Did someone say Charles Ruggles? He is a comedian, and he has played in 25 pictures for Paramount in three years and has been funny in all of them. That is, he has tried to be funny, for the double feature program. Paramount has resigned him on a long-term contract, and his

For tonight and tomorrow evening the Egyptian in Brighton and the Central Square in Cambridge will present in addition to the double feature program, a complete musical comedy revue with Ray Marx, stage comedian, as the sponsor and principal.

CALL ALBERT-KEN 5100

MAYOR AGREES TO ACT AS MEDIATOR IN SHOE STRIKE

FACTORY HEADS TO ATTEND MEETING

Monning Colls Parley That May End Labor Dispute

Mayor J. Fred Manning of Lynn has set 2 p.m. today for a conference of Lynn shoe strike leaders and representatives of the shoe factories in the opening attempt to settle the difficulty.

Indications early today were that the meeting would be in the form of a preliminary parley in which the representatives of the shoe strikers and the owners of the shoe factories affected would discuss a common ground for settlement.

Mr. Peter J. Walsh, secretary of the Lynn shoe strikers, and Mr. Walter J. Manning, secretary of the Lynn shoe factories, were expected to be present.

The mayor said he was not a mediator, but he was a peacemaker. He said he was not a mediator, but he was a peacemaker. He said he was not a mediator, but he was a peacemaker.

POUNCE HUNT 3 IN \$75 HOLDUP

Three men who fled in the face of George A. Adams, 33, of Dudley, at Roxbury, an armed holdup after holding him for more than \$75, late yesterday were hunted through the city for the first time.

Abrams told police he was approached by the three men as he was walking toward his home in the Dudley district. He was pushed to the back and down on the ground. When they reached the O. A. Adams, he was held for more than \$75. He was then released and the three men fled.

IN UNION THERE IS STRENGTH

In response to the demands of countless thousands, including grocers, tailors, doctors, dentists and one mortgage holder, we have decided to organize a *Frederic March* and *or Jean Crawford* and *or Tom Mix* and *or Clark Gable* and *or Mae West* Club for the convenience of movie fans. The moment you quietly slip \$1.50 in air mail stamps under our door we will immediately enroll you in any or all of our exclusive clubs. Membership entitles you to attend all pictures of the star to whose club you belong. For a small additional fee, our rules and regulations give you the right to address any number of fan letters to your club star. Under to-day H.R. 37507, you are privileged to talk back to us; while H.R. 36333 gives you the right to stay home with a good book. Think it over, folks. Think it over.

According to a professor of economics, "It is seldom that women try seriously to succeed. Maybe so. But judging from the divorce statistics, they frequently succeed in succeeding each other."
